DETAILED ACTION

This Office Action is in response to the amendment filed 30 June 2006.

Allowable Subject Matter

Claims 1-3,5-7,9-11,13-16 and 21-34 are allowed.

The following is an examiner's statement of reasons for allowance: Claims 1-3,5-7,9-11,13-16 and 21-34 are allowable because prior art does not disclose alone or in combination along with the limitations of the independent claims such as a substrate with circuits a plurality of bumps being electrically insulative and having an upper surface and sidewalls, a conductive layer provided over each of the plurality of bumps extending from the upper surface to the circuits, where the conductive layer is absent from at least one of the pair of sidewalls of each of the plurality of bumps.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
